Phrase

Scope: 123 HandSys Break Even Analysis

Statement: Demand is good, but how to improve ??

Phrase: 6188 Demand is good, but how make D

Description: Guides the learner to improve demand

Phrase Type: Heading Phrase

Options: Conjunction Aware

SequenceID: 1

SubPhraseCount: 0

The figure looks good, but how can we further increase demand?

The demand for any product, assuming the product is going to be marketable in the first place, is going to be based on the way we get our word out with advertisement and the price we attach to the product. if we have a great product, advertise everywhere, but set the price too high for our projected customer base we will kill our demand. If our price is reasonable then a lot of our demand is going to revolve around the effectiveness of our advertising.
